Digital Sensors:

Temperature*	\$29
Temperature/Humidity/Dew Point (GTHD)*	\$88
Temperature/Humidity/Dew Point (GT3HD)*	\$189
Temperature/Humidity/Dew Point/Airflow*	\$124
Analog-to-Digital Converter	\$62

Analog Sensors:

Door Position	\$15
Power Failure Sensor	\$47
Smoke Alarm	\$102
Water Sensor	\$43
Water Sensing Cable Kit	\$491
Current Transducer 30/60/120A	\$133
Isolated Voltage Sensor	\$123
60 VDC Sensor	\$72

Accessories:

Blanking Panels	\$7-\$125
5-Port Splitter	\$10
Rack Shelves	\$40-\$119
PoE Splitter	\$37
PoE Injector	\$41
In-line Power Meter 15A	\$134
In-line Power Meter 20A	\$174
-48 VDC Power Supply	\$103
PSTN Auto-Dialer (Analog)	\$174
GSM Auto-Dialer (SIM card required)	\$319

IP Network Cameras:

Wide range of IP cameras supported

D-Link DCS-930L	\$91
D-Link DCS-6112	\$452

Room Air Controller (RAC10):

Duct Discharge Adapter	\$112
------------------------	-------

+ Feature to be implemented in future firmware update
* Extended warranties available

*Temperature Range -40°F to 185°F (-40°C to 85°C)

Data Center

Strategically monitor data center, server room and network closet environments to protect critical infrastructure and prevent system downtime, hardware damage and data loss.

Telecom

Monitor climate and power conditions within base transceiver stations, cell sites, and technical rooms to ensure your equipment is running in optimal conditions.

Health Care

Monitor and validate temperature among various environments within healthcare facilities including hospitals, blood and tissue banks, laboratories and more. Our sensors are designed to monitor extreme temperatures and allow users to satisfy FDA 21 CFR Part 11 compliant reporting.

Cold Storage

Our environment monitors enable users to strategically monitor cold-storage facilities among restaurants, cafeterias, grocery stores and warehouses across the globe to protect perishable inventory ensuring food quality and safety.

Monitor

- Temperature
- Humidity/Dew Point
- Airflow
- Light
- Sound
- Door Position
- Smoke
- Water Leaks
- Power Failure
- Voltage
- Amperage
- Kilowatt-Hour(s)
- Battery
- Video Surveillance

Prevent

- Equipment Failure
- Downtime
- Loss of Revenue
- Loss of Reputation

Alerts

- Alert notifications via Email, SMS,* SNMP Traps and voice call* when user-adjustable thresholds are breached
- Automation and control of external devices

*Relay-controlled auto dialer required

Variety of Environmental Monitors Available

ITWatchdogs by Geist environment monitors are used for a wide range of other applications including traffic control boxes, climate-controlled storage, wine cellars, air-traffic control communications closets, research laboratories, stability chambers, greenhouses, livestock, poultry farms and museums. Our products are fully scalable to meet various special needs.
